Eduardo Perez Orue is the Owner and Principal Consultant at Small LNG Shipping Consultants, his consultancy specialized in small LNG shipping.

Until March 2012, Mr. Perez Orue was a Business Development Manager at Lauritzen Kosan, a Denmark based firm specializing in ocean transport of gas cargoes: ethylene, propylene, butadiene and other gases.

He has more than 24 years of experience in developing business, and managing logistics operations in the chemicals and marine transportation industry in Spain, Netherlands, Argentina, USA and Singapore. He also has experience in managing the merger process of Maersk Norgas Gas Carriers (MNGC). Prior, Mr. Perez was a Vice President of Commercial Global Operations at Norgas Carriers. Before that period, he worked for Dow Chemical in Chartering of gases for 14 years in 4 different countries.

During this time, he's been familiar with the transportation and logistics of Petrochemicals like ethylene and propylene, small LNG and LPGs.

He is fluent in English and Spanish.

Mr. Perez Orue is specialized in Small Scale LNG Shipping and has been giving presentations and workshops in several conferences regarding small LNG transportation.
